C. H. GRAVES & SONS, Boston, Mass.
Trade supplied at Manufacturers prices by
RICHARDS & HARRISON,
Agents for Pacific Coast, San Francisco, Cal.

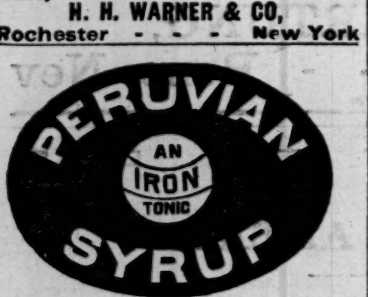

WARNER'S SAFE

The Leading Scientists of To-day agree that most diseases are caused by disordered kidneys or liver. The discovery of Warner's Safe Kidney and Liver Cure marks an era in the treatment of these diseases. It is a POSITIVE remedy for all diseases that cause pain in the lower part of the body, for torpid liver, headache, jaundice, dizziness, gravel, fever, acute, malarial fever and all difficulties of the kidneys, liver, and urinary organs. It is an excellent and safe remedy for females during pregnancy. It will control menstruation, and is invaluable for leucorrhoea or falling of the womb. As a blood purifier it is unequalled, as it cures the organs that make the blood.

This remedy, which has done such wonders, is put up in the LARGEST SIZED BOTTLES of any medicine on the market, and is sold by druggists and dealers at \$1.00 per bottle. For diabetes, inquire for WARNER'S SAFE DIABETES CURE. It is a POSITIVE remedy.

H. N. WARNER & CO.,
Rochester, N. Y.

PERUVIAN SYRUP

Vitalizes and Enriches the Blood, Tones up the System, Makes the Weak Strong, Builds up the Broken-down, Invigorates the Brain, and

CURES

COAST CLIPPINGS.

Scarlet fever prevails in Montana Territory in several sections.

Sierra Valley will have more grain sold this year than ever before.

It cost \$6,538 38 to run the city government of San Jose, Cal., during the month of March.

The Chico Record is advocating the construction of a narrow-gauge road to connect that town with the river.

A number of wells have been sunk at Casa Grande, A. T., and strong volumes of water struck, at a depth of forty to eighty feet.

Rich ore is being taken from the Bodie mine. On Thursday 100 sacks were taken to the mill that will assay up in the hundreds of dollars.

A record kept at a point a mile above Moore's mill at Moscow, W. T., shows that 14 feet and 4 inches of snow fell there during the past winter.

Since the killing of Jesse James, the outlaw, it is ascertained that the James family, in the early days of California, lived in Capay valley, Yolo county.

Fresno county, Cal., has over 450,000 acres more land assessed in it than in any other county in the State. Los Angeles county comes next in the list.

Bears are reported to be quite plentiful 25 miles west of Hardsburg, Cal., at the red slide, a couple of hunters having killed three there last week.

A miner named Peter Polglaise was killed in the shaft of the Almaden mine, Santa Clara county, Wednesday, by being struck on the head by a piece of falling timber.

Two of the celebrated Herdic coaches have arrived at Tucson, and will at once begin plying on the streets. They are drawn by one horse, and seat eight persons.

It is announced that the Chinese have purchased several thousand acres of land in one tract in Contra Costa county, Cal., on which they intend to establish a colony.

The whaling season is over at Monterey, Cal., and a number of whalers at that place intend going to the Arctic Ocean after the leviathans. They will go in a steamer.

Professor Howe has been appointed by the Land Office to make selection of seventy-two sections of public land granted to the Territory of Montana for university purposes.

An excursion of Texas editors will leave Houston April 28th, arriving at Los Angeles May 3rd, and at San Francisco May 5th, leaving the city on the return trip May 7th or 8th.

The citizens of Sierra valley are holding grasshopper meetings. The grasshoppers sit around with one eye on the proceedings, and wonder what the citizens are going to do about it.

The Santa Rita Land and Mining Company is about to erect large and complete copper smelting works at Brown's Station, on the Altar road, about twenty miles south of Tucson, A. T.

On the ranch of T. J. Mitchell, fourteen miles south of Visalia, Cal., is an artesian well that flows 1,000 gallons of water a minute, or 1,440,000 gallons daily. It is 325 feet deep, and cost only about \$600.

Among the many valuable minerals found in Arizona, the value and importance of the opal has been overlooked. There is an abundance of these gems in Yuma county. They usually have a lime coating and are oval in shape.

A Keen Old Man.

A fresh old planter, with lots of money, attended an Arkansas horse race and madly bet on the horse that it was arranged to have beaten. And of course everybody who was posted bet against him. And they never knew that the old man somehow got at that horse and put a chestnut burr under the saddle, so that it acted as a constant spur and made the horse go like a scaplar. But they were disgusted at the result.

Boston Ahead.

For some time Texas has been rejoicing in the possession of what was declared to be the oldest biscuit in the country, a biscuit which a soldier carried home in his pocket. Twenty years did seem a tolerable age for any article of food, but it is never safe to boast of antiquity until Boston has been heard from. True to her fame, Boston now steps smilingly forward with two biscuits which were brought to this country by Robert Pierce and Ann, his wife, in the good ship Mary and John, Captain Squeb. The bread spoken of appears to be made of coarse oatmeal, and is as dry and hard as wood, so that there is no reason why a fellow who got hold of one of the biscuits in the dark, while looking for lunch, wouldn't think he'd hit upon a railway restaurant.

A HUMAN BAROMETER.

The Real Relation Between the Human Body and the Weather Scientifically Explained.

[Scientific American.]

One of the most valuable developments of modern science along the line of human necessity is the National Weather Bureau at Washington.

Experience has shown that 86 per cent. of the predictions of the signal service are accurate; and these predictions are unquestionably of the greatest importance to the seaman, the agriculturist and the entire commercial world. The service has proven its necessity by its usefulness, for in past times the facilities for foretelling atmospheric changes were meagre indeed. The only indications our fathers had of coming changes in the weather were aching limbs, twinging joints or painful cramps. These "indications," though crude, were usually correct, and hence naturally suggest the inquiry as to the relation between the human system and the weather. The body is unquestionably an excellent barometer. It foretells changes in the atmosphere long before they occur, and this fact has been taken advantage of by physicians who, when all other agencies fail, prescribe a change of air, thus hoping the body may find an atmospheric condition better suited to its needs. And yet the real relation between the human body and the weather has never been fully understood, nor has there ever been, until now, a correct explanation of what rheumatism (which seems in league with the atmosphere) really is. It was originally thought by many that it was a trouble in the joints, and as such was treated in the most strange, not to say ridiculous, manner. This theory became dispelled when the same trouble attacked the muscles, and the feeling then prevailed that it was a purely muscular disorder. But this idea was found to be too narrow, and now it is universally conceded that rheumatism is a blood disease. And what a terrible disease it is. It often comes without warning and prostrates the system with agony. Again its beginning is gradual, and its growth slow. In its acute form it manifests itself in every conceivable shape and always accompanied by intense pain. At one time it is inflammatory, at another neuralgic. Sometimes it assumes the form of gout, and again that of pleurisy or lumbago; but in whatever manner it appears it is terrible painful and always to be dreaded. The pain and annoyance of rheumatism are increased by its great danger, for it is liable to attack the brain or heart at any moment, thereby causing instant death. Indeed, nearly every case of heart disease, with all its dreadful suddenness, which has ever occurred, can be traced more or less directly to rheumatic causes. In its chronic form it stiffens the joints, contracts the muscles, undermines the health and ruins the life. It frequently attacks men and women who are apparently in perfect health. Indeed, it is as greatly to be dreaded as any possible form of physical woe.

But, however severe its effects may be, the exact cause of this blood trouble has been an undecided question, and it is only within the past year that any decision on the subject has been reached. In order to fully determine what the cause of rheumatic disorders really was, certain authorities sent letters of inquiry from Washington to the leading practicing physicians of the land, and these inquiries were responded to quite generally, thus furnishing data of great value to science and mankind. The views held by the doctors are of a varied nature, but so overwhelming a proportion hold to one belief as to leave but little doubt that it is the correct one. This belief, briefly stated, is that uric acid in the blood causes rheumatism, and that it is only by removing this poisonous acid that rheumatic or neuralgic troubles in all their terrible forms can be cured. This being true, the important question arises: "How does this poisonous uric acid get into the blood, and how can it best be removed?" Uric acid is a waste material of the body which the kidneys should carry out, but because they are weakened they cannot throw it from the system. Restore the kidneys and you restore the power that will force the uric acid from the system and thus banish the rheumatic agonies which it causes. This is reason; it is science. No one whose kidneys are in a perfect condition was ever troubled with rheumatism, and no rheumatic sufferer, however slight the pain may be, has perfect kidneys. The conclusion of this truth is inevitable—perfect kidneys mean freedom from rheumatism.

When rheumatism has manifested itself in any special part of the body, attempts have usually been made to treat that part of the body. As a result the pain has departed but the disease has remained, lying subtly concealed and ready to break out at some unexpected moment. Checking the pain in any single locality only scatters the disease through the system, when, if the seat of the disorder, which are the kidneys, were reached, a complete cure would be the result. The way,

therefore, to expel this rank and poisonous acid before it assumes an inflammatory or chronic form is by keeping the kidneys in perfect health. This is no easy thing to do, and no means has, until within the past few years, been known which would successfully reach and affect these great organs. At last, however, scientists have discovered that the leaves of a tropical plant, previously but little known to science and unknown to medicine, possesses marvelous qualities adapted to the kidneys. These leaves have been skillfully combined in the remedy now known as Warner's Safe Kidney and Liver Cure. It is, up to the present time, the only known preparation that acts so directly upon the kidneys as to effectually cure the various dangerous forms of kidney disease, and hence remove all uric acid from the blood. As a result, the cures it has been the means of performing are really very remarkable. Indeed, there are thousands of persons in America to-day who owe their restoration to health and entire freedom from rheumatism to the simple yet powerful remedy, which is known universally, manufactured in Rochester, N. Y., and sold in every drug store in the land.

From the doctors of the various cities of the United States who have certified over their own signatures to the scientific statement that uric acid in the blood is the cause of rheumatism, are a large number of Chicago and St. Louis physicians, among them being Dr. Adolph Uhlemeyer, Dr. Wm. Webb, Dr. John M. Frank, Dr. Edwin T. Webster, Dr. Benjamin F. Whitmore, Dr. William T. Richardson, Dr. Robert T. Atkinson, Dr. Thomas H. Humboldt, Dr. Wm. McPheeters, Dr. William Johnson, Dr. Isaac N. Love, Dr. Clark Whittier, Dr. J. T. Hedgen, Dr. Thomas F. Dunigan, Dr. Nicholas Guhman, Dr. Antonio Prietta, Dr. Charles H. Goodman, Dr. Daniel Kuhn, Dr. Henry Newland, Dr. William S. Wortman, Dr. George T. Pitzer, Dr. Henry F. Ahlbrandt, Dr. Elijah T. Frazier, Dr. Carl Spitzig, Dr. David B. Martin, Dr. James L. Logan, Dr. A. Heacock, Dr. Henry Kirchner, Dr. John J. Kane, Dr. Henry F. W. Kruse, Dr. William C. Glasgow, Dr. Jeremiah S. B. Alleyne, Dr. Thomas S. Comstock, Dr. Charles H. Hughes, Dr. Frederick Kolbenheyer, Dr. Joseph Heitzig, Dr. Edward A. De Caihoh, Dr. Bernard Roemer, Dr. James M. Ciopton, Dr. Charles V. Ware, Dr. Alphonso Jaminet, Dr. James L. Kent, Dr. William S. Barker, Dr. Solomon C. Martin, Dr. Rudolph Stadler, Dr. Louis P. Ehrmann, Dr. John A. King, Dr. Simon E. Garlock, Dr. Theodore Foy, Dr. John E. Faber, Dr. Ernest F. Hoffman, Dr. Herman Nagle, Dr. Adolph Wislizenus, Dr. James L. Pirtle, Dr. Edward Rose, Dr. William H. Grayson, Dr. Hugo M. Starkloff, Dr. Robert M. Swander, Dr. William N. Brennan, Dr. Temple S. Hoyne, Dr. Lyman Ware, Dr. Charles W. Hemstead, Dr. William J. Hawkes, Dr. T. C. Duncan, Dr. William R. Griswold, Dr. Lyman Bedford, Dr. A. B. Westcott, Dr. J. B. Bell, Dr. Charles M. Clark, Dr. W. H. Woodbury, Dr. Alfred H. Hiatt, Dr. Herman Hahn, Dr. Calvin M. Fitch and Dr. John D. M. Carr.

The theory of the doctors as above explained finds its confirmation in the fact that when the kidneys have been cured, rheumatism is completely removed. This is not, of course, always accomplished instantly, for in a disease so subtle the cure is often very slow, but under no other plan can any hope of permanent relief ever be found. There are hundreds of cases on record during the present winter of persons afflicted with rheumatic troubles of the worst order who have been entirely cured by following the theory above stated and using the remedy mentioned. Many of these persons had the very worst possible symptoms. Vague aches in different portions of the body were followed by agonies the most intense in some particular spot. Acute and throbbing pains succeeded each other and the coursing poisonous acid inflamed all the veins. Troubles which began with slight disorders increased to derangements the most serious. It is sad to think that all this suffering was endured when it could have been so easily relieved. Acting upon the theory and using the remedy above mentioned the kidneys could have been restored to their usual vigor, the uric poison expelled from the system, the inflammation removed and the pain entirely banished.

These are some of the real and scientific facts regarding rheumatism, attested by the highest authority, and they are, beyond question, the only correct ones ever brought forth. We are aware they are advanced ideas, but ten years hence they will be the accepted belief and practice of the world. If people suffer from rheumatic troubles in the future and with these plain truths before them, they certainly can blame no one but themselves.

Hub Punch.
Clear, or with hot or cold water, milk or lemonade, "tops" every punch for flavor. Directly the cork is drawn, it is ready, and can be used clear, or mixed with hot or cold water to suit the taste. Sold by all Grocers, Wine Merchants and Druggists. Trade supplied by Richards & Harrison, Agents for the Pacific Coast, San Francisco.

Locals.
The Eclipse champagne is now used at all high-toned banquets and parties.

How to Secure Health.
It is strange any one will suffer from derangement of blood, or by impure blood when SOUVILL'S BARSAPARILLA AND STILLINGIA, or BLOOD AND LIVER SYRUP will secure health to the physical organs. It is a strengthening syrup, pleasant to take, and the BEST BLOOD PURIFIER ever discovered, curing Scrofula, Syphilitic disorders, weakness of the Kidneys, Erysipelas, Malaria, Nervous disorders, Debility, Bilious complaints and diseases of the Blood, Liver, Kidneys, Stomach, Skin, etc.

BAKER'S PAIN PANACEA cures pain in Man and Beast.
DR. ROBERTS' WORM STRUP instantly destroys WORMS.

Something New.
In transit from New York: an immense variety of Spring fabrics in all the new designs for 1882. My importation of English, Scotch and French cassimeres includes all the choicest productions of the foreign mills, and my lines of domestic cassimeres are full and varied. California or Oregon goods in stock. Suits, new woolen goods, at \$7 and upwards. My coats do not "shrink" or fall off the collar, but are made of the best material. Call at the oldest establishment in Reno, and no effort will be spared to please you. A complete fit guaranteed.
J. J. KOLB, Tailor, 118-119
118-119

The Cost is Only One Cent.
For a postal card. Mail the same, with your address, to us, and we will forward you our new catalogue and price-list for 1882—a book of 50 pages—with description and price of all kinds of dry goods, fancy goods, boots, shoes, hats, furnishing goods, millinery, ladies' fancy work, harness, saddles and whips, tobacco and cigars, baby carriages, etc. This new book is in press and will be ready for free distribution about April 10th. Address:
april-10
Rd. Ho. 2, Sacramento.

To the Traveling Public.
People who ride on railroad trains need good watches. W. B. Miller, of Sacramento, keeps them, and invites all who visit that city to call at his store, No. 228 J street, and examine his stock. He makes a specialty of standard time keepers for conductors, engineers and other railroad men, and guarantees his goods and prices to be the best. He has a large and fine stock of jewelry, diamonds, silver and plated ware, clocks, etc. all at

Notice to the Public.
The citizens of Reno are hereby notified that I will, with the assistance of my family, carry on the business in the bakery known as "Jake Graff's" bakery, as heretofore, and respectfully ask the patronage of all our old friends for the support of said family. Contrary reports notwithstanding, Eddie Graff will deliver bread to all customers with his well-known civility and dispatch.
D. H. F.
Mrs. MADALENA GRAFF.

Eucalyptus.
Eucalyptus has of late years been found very useful for a great number of the ills flesh is heir to. Its latest application is in the shape of a California Plaster. Fine and Eucalyptus Porous Plaster, an article which is possessed of much merit, and is fast superseding the old-fashioned pitch and frankincense plaster. It is endorsed by the medical profession throughout the land. For sale by all druggists. R. E. Queen, agent, Reno. 436-1

A Card.
To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, etc., I will send a receipt that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. LAMAR, Station J, New York City.
nood&dwim

\$3.00 Per Dozen.
An opportunity seldom offered, and never before in Reno. On and after the 15th inst., until further notice, Murry Dunham will make cabinet photographs for \$3 per dozen, and all other work in proportion. Remember the time will not be long; so call early. m34

A Smooth Complexion.
Can be had by every lady who will use Parker's Ginger Tonic. Regulating the internal organs and purifying the blood, it quickly removes pimples and gives a healthy bloom to the cheek. Read about it in another column. ap3ml

Soothe the Invalid.
A few drops of SOZODONT mixed with water, and placed in the mouth of the invalid, will refresh him. It aromatizes what else would be dry and uncomfortable, and gives infinite pleasure and incites appetite. No nurse should neglect SOZODONT.

Society Belies.
On account of its remarkably delicate and strong fragrance, helios are loud in their praises of Floreston Cologne. ap3ml

Annoyance Avoided.
Gray hairs are honorable, but their premature appearance is annoying. Parker's Hair Restorer prevents the annoyance by promptly restoring the youthful color. ap3ml

EDITORIAL NOTES.

Those interested in mining operations in the vast mineral regions of the West will soon have an opportunity to compare the products of the different localities and the various processes used in the mining and preparations of ores. The arrangements for the National Mining Exposition to be held in Denver have advanced so far that the display will probably be opened on the first of August. From the fact that the people of that region spare no trouble or expense in accomplishing any end they may have in view, it is safe to predict that the exposition will be very interesting, and will be the means of disseminating a vast amount of useful information with reference to the rich resources of that portion of the country.

Dr. Lamson, the poisoner, was hung in London this morning. Strenuous efforts to save him from an ignominious death were made on both sides of the Atlantic, without avail. It is said that he "cast down his eyes with a look of extreme despair" just before the black cap was adjusted, as if a man about to be dropped into the bottomless pit could look otherwise.

It is proposed to continue the "Peruvian investigation." The wires for some days have been loaded down with a lot of senseless trash in which nobody takes an interest. Just as it was hoped the end was near comes the announcement that the deluge of slush will continue to flow on. There would be pleasure in recording the death of all its promoters.

The agony over the Chinese bill is ended. The bill was passed in the Senate to-day by a vote of 32 to 15. The next phase of suspense will be waiting for the President's signature. If he signs it, he will stuff himself by being compelled to retract many expressions in his late veto.

Ralph Waldo Emerson died in Boston last night. He has been among the foremost in the world of letters for half a century, and his place will be hard to fill.

Beef is so high in many of the Eastern cities that poor people cannot afford to eat it, and restaurants charge extra for beef steaks.

TELEGRAPHIC BREVITIES.

—Harry Crisp, a well known actor, died in Chicago last night.

—The exodus of Jewish families ordered to quit Kieff has begun, and 600 lodges are now tenantless.

—John Mitchell was severely beaten and his two sons shot dead by the Field Brothers, at Galveston yesterday.

—A number of people were hurt and considerable property destroyed by a storm at Vaneburg, Kentucky, last evening.

—About 1,400 teamsters, in an eight-mile procession, paraded in Chicago yesterday, striking for \$5 per day after May 1st.

—In the billiard match at New York last night between Schaffer and Sexton, the latter won. Score—Sexton 600, Schaffer 538; winner's last run 32.

—The Secretary of the Treasury will issue a call for all unpaid six per cent. bonds, amounting to about \$11,000,000, early next week—probably Monday.

—The consolidation of the Grand Trunk road with the Great Western of Canada was perfected in London yesterday by the election of a single Board of Directors.

—United States Minister Lowell will preside at the opening of the Garfield House, London, founded in memory of the late President as a home for working girls.

—The police of New York have arrested a dangerous band of forgers, consisting of Charles Crawford, alias Palmer, Ed. Ryland and wife, and W. H. Woodman.

—By a collision in a tunnel near New Lexington, Ohio, between a passenger train and a hand-car loaded with section men, two men were fatally injured yesterday.

—The President and Cabinet had a brilliant reception at Fort Monroe yesterday, by the sea and land forces. The North German school-ship Louise, from Havana, participated,

THE CHINESE BILL.

It is Passed in the Senate by a Vote of 32 to 15.

Hanging of Dr. Lamson, the Poisoner.

Full Particulars of the Execution.

A Neat Job of Lynching in Minnesota.

Sudden Death of Ralph Waldo Emerson.

Interesting Items of Foreign and Domestic News.

Special to the EVENING GAZETTE.]

Passage of the Chinese Bill.
WASHINGTON, April 28.

After Morgan and Call had finished speaking on the Chinese bill, Pendleton maintained that it is the duty of Congress to put its interpretation on the word "labor" in this bill, not only as a guidance for officers who have to execute it, but in the interests of the Chinese and all parties concerned.

Edmunds remarked that ultimately the Chinese would have to decide the question, and it will be just as difficult to determine the meaning of the words "skilled" and "unskilled" as of the word "laborer."

Pendleton reiterated his argument and then proceeded to speak of the bill on general grounds.

The Senate by a vote of 25 against 20 refused to strike out the 15th section defining Chinese laborers. The Senate then, 25 against 17, rejected Edmunds' substitute for the 15th section; so the section stands just as it came from the House. Edmunds then offered the following as a substitute for the 14th section: "Nothing in this act contained shall be construed to change the naturalization laws so as to admit Chinese persons to citizenship." Rejected—24 to 15.

Several other amendments were voted down, and at 4:25 the Chinese bill was passed. Yeas 32, nays 15.

Lamson Hanged.
NEW YORK, April 27.

The Herald's London dispatch has the following on Lamson's last hours: The Chaplain of Wadsworth Prison visited him in the condemned cell this evening and remained some time in prayer. Lamson was less agitated than might have been supposed, the terrible strain of the last few months having culminated yesterday, when the Home Secretary's decision was first made known to him. He slept fairly well last night, and has to-day evidently been nerving himself for the ordeal he has to face to-morrow morning. If he should be troubled with restlessness, a sleeping draught will be administered. His last interview with his wife was of a most painful character, but both husband and wife bore it much better than might have been expected. Mrs. Lamson, now that the worst is known, appears to have gained in calmness and self-possession. She was unaccompanied, save by a lady with whom she has been residing some weeks in the north of London. Marwood arrived at the prison this afternoon and will pass the night within its precincts. He inspected all the arrangements for the execution and pronounced them satisfactory. The convict is confined in one of the northeastern wings of the building, about 50 yards from a permanent scaffold, which is situated on one side of the yard. His grave has been already dug close by the scaffold, and is similar to that made use of in LeRoy's case. The convict will have no steps to climb. The body will drop into a deep well. With reference to the convict's written request that his body may be handed to the surgeons for dissection, it is probable that no such disposal of the remains will be allowed by the authorities. The actual sentence of the law will be carried out to the letter. The execution is fixed for 9 A. M., and the inquest for 2 o'clock in the afternoon. It immediately after the inquest the body will be interred in the prison grave already prepared.

THE EXECUTION.

LONDON, April 28.

Dr. Lamson was hanged at nine o'clock this morning. He was calm and composed. Three reporters were present at the hanging. The procession entered the yard of the prison at 8:55, when the prison bell tolled the death-knell. The chaplain headed the procession, followed by two prison officials with the prisoner, who, until this time, had been calm and composed, but now looked pale and dejected, and was very nervous. He was supported by wardens on either side and was with difficulty able to ascend the steps of the scaffold. He was met

by Marwood, the executioner, at the foot of the steps.

The prisoner was bareheaded. The operation of pinioning him seemed interminable. He submitted without a word, and hardly seemed to appreciate what was going on. From the steps there was a distance of sixty yards to traverse to the gallows. Lamson was supported with difficulty from this point to the scaffold. He awayed backwards and forwards and at the same time stared wildly around him when placed under the noose. The Chaplain also appeared much affected when he began reading the beautiful service, Lamson meanwhile supported by two jailors. Just before the cap was adjusted he cast down his eyes with a look of extreme despair. Death was instantaneous. The drop was nine feet. The Chaplain remained by the gallows repeating the Lord's prayer. The body remained hanging one hour.

Death of Ralph Waldo Emerson.
BOSTON, April 27.

Ralph Waldo Emerson died at his home in Concord, Mass., at 9 o'clock this evening. During the forenoon he did not appear to suffer greatly, and was apparently resting easily. About noon the patient exhibited signs of restlessness and began to suffer severe pain. Soon thereafter he became delirious, and Dr. Emerson immediately administered ether, under the influence of which he was kept until death. About quarter to nine Dr. Emerson came down from the sick room to an apartment where a number of friends of the family were sitting, and stated that during the afternoon Emerson's pulse had been reduced from 140 to 120; that he thought the crisis in the disease was reached, and would be favorably passed. The Doctor then went up stairs, and almost immediately returned with news of his death, which was not caused by exhaustion, but by acute pneumonia, the tubes suddenly filling up and choking him. His wife, Dr. Emerson and an unmarried daughter of Mr. Emerson were at his bedside when he died.

A Jealous Father Shoots His Daughter.
SAN JOSE, April 28.

At Willows, in the suburbs of San Jose, about six o'clock this morning, G. H. Gunghey shot his daughter, Amanda Ellen Gunghey, three times. The wounds are believed to be mortal. The man has been arrested. He says his daughter struck him and he only intended to frighten her. She says her father was violently opposed to her receiving attentions from a young man; that he was jealous of her, and, to use her own words, wanted to love her not as if she were his daughter, but some other woman.

A Royal Wedding.

LONDON, April 28.

The marriage of Prince Leopold to Princess Helen of Waldeck took place at George's Chapel, Windsor, yesterday. Windsor was gaily decorated, the shops closed and salutes fired during the day. The war ships at Portsmouth and other places were also decorated. The marriage ceremony, which was conducted with great pomp, was concluded shortly after 1 o'clock. The Archbishop of Canterbury was the chief officiating clergyman. Princess Helena was given away by her father. At the conclusion Leopold kissed his bride and the Queen kissed the couple.

Belmont Won't Hurt Blaine.

WASHINGTON, April 28.

There have been several rumors in circulation as to Belmont's belligerent intentions toward Blaine. A reporter has ascertained from close personal friends of Belmont that he has no such intentions. He did consult his friends as to what he should do, and they advised him not to take any steps towards calling Blaine to a personal account, as that would be out of place. Belmont has assented to and agreed to abide by their advice. The report that Belmont intended to resign from the Foreign Relations Committee is not true. He is determined to go ahead with the investigation.

A Slap at Blaine.

NEW YORK, April 28.

The Times says: Blaine, who has had several important positions in the public service of this country, and is credited with aspirations for still higher eminence, has been engaged for two days in making a very remarkable exhibition of himself at the nation's Capitol. He got angry and exhibited himself before the American people in a way that can only excite grief in his friends, derision in his enemies, and amazement in indifferent observers. Blaine's attitude before the country is reverse of a hero.

Robbing Indians.

WASHINGTON, April 28.

Secretary Teller has forwarded to the Senate a letter from the Indian Bureau, complaining of the consumption of hay by troops at the Harding Rock Agency, all of which is taken from the reservation, causing great complaint from the red men. Contractors for supplies are absolutely lawless in their operations, and despoil lands on which the Indians have located.

A Tramp Lynched for Ravishing a Child.

ST. PAUL, Minn., April 28.

About 1 o'clock this morning a party of masked men appeared at the jail in Minneapolis, and demanded the surrender of Frank McManus, a tramp

who ravished and brutally beat a four-year old child, named Nina Shear, yesterday. The Sheriff was made a prisoner by the mob, but refused to divulge the whereabouts of McManus. The mob then made a thorough search of the jail, breaking open every cell on the first floor without discovering the prisoner. They then ascended to the floor above and repeated the ceremony, breaking open the cell doors until McManus was found. He was taken to the house of his victim, where he was fully identified. Without further ceremony the mob took him to a large tree in front of the High School, and hanged him to one of the limbs. Before McManus was strung up he confessed his horrible crime. He was a tramp, 26 years old. The excitement ran very high during the night, both in Minneapolis and St. Paul, and public sentiment was indisputably with those who thus administered justice to the author of one of the most atrocious crimes in the annals of history. The child-victim is in a precarious condition, with doubtful chances of recovery.

Train Robbers Captured.

LITTLE ROCK, April 28.

A Dallas special gives particulars of the capture of the men who robbed the Texas Pacific train at Ranger Station. The robbers were tracked by bloodhounds into a canyon near Brazos river. A hot fight ensued, in which one of the robbers was killed, when his two companions surrendered. The name of the robber wounded in the first fight is Gullet. The name of the dead robber has not been learned, nor the names of the two captured unhurt. Four more of the robber are at large with Rangers in pursuit.

A Missouri Protest.

ST. LOUIS, April 28.

A large meeting was held at Lucas Market last night by the workmen of the city, to express sentiments on the Chinese question. Speeches were made by H. M. Williams, a prominent Greenbacker of this State; Richard Travelick of Detroit and Richard A. Parsons of Chicago, the general tenor of which was against Chinese cheap labor and Chinese immigration. Resolutions were adopted denouncing President Arthur for vetoing the Chinese bill and characterizing his reasons for doing so as hypothetical.

Beginning to Wake Up.

WASHINGTON, April 28.

In the House a resolution was adopted reciting the recent Apache outbreak in Arizona, and calling on the Secretary of War for information as to the number of United States troops now in that Territory, and for a statement as to whether the military force there is sufficient to grant full protection to the people, and also whether any legislation is necessary for prompt and efficient security of the people against destruction of life and property by hostiles.

A Seducer Suicides.

OROVILLE, Cal., April 28.

A man named Beard, living near Cherokee Flat, who recently seduced a young girl, was to-day arrested, but while the officers back was turned, he suicided by cutting his throat.

EATING WITH BOTH HANDS.

Ravenous Tourists Trying to Choke Themselves.

When the west-bound train stops at Reno, the passengers rush madly from the cars as if shot out of a howitzer, or thrown out by an emetic. Like a band of wild steers they bounce into the dining-rooms of the hotels and in less than ten seconds their jaws are chattering together upon whatever edibles are to be found on the tables, reaching right and left with both hands, as if their eternal welfare depended upon the quantity of food they should consume. Though previous to the arrival of each train passengers are notified that there will be "thirty minutes for dinner" or supper, they gorge themselves with six bits worth of food in ten minutes, and then growl because they are not allowed sufficient time to eat. An aesthetic Bostonian will stow away enough to grade a water-lot before a phlegmatic old coaster has concluded what he will eat. The latter goes to work methodically, and enjoys his meal, for which an appetizing cocktail has put his stomach in good humor, and when he drops his six bits into the hand of the clerk he does so with a comfortable satisfaction that he is somewhat ahead of the landlord; while the Boston man turns pale at what he deems an outrage, and goes off feeling as if he had swallowed the Kentucky lottery.

—At three o'clock this morning the large wholesale tobacco establishment of Sheiber & Co., at Cleveland, Ohio, was destroyed by fire. It is supposed to have originated about the furnace. Loss on stock estimated at \$100,000.

—The House Committee on Claims has agreed on the passage of Representative Ellis' bill appropriating \$320,152 to be paid Ben. Holleyday in full payment and satisfaction for losses sustained in carrying mails during Indian hostilities.

—The Grand Army of the Republic last night, at Chicago, completed arrangements for fitting honors to be paid the late Minister Hurlburt, who will be buried in Bellvidere, Illinois, next Sunday. Emory Stores will be the orator of the occasion.

MISCELLANEOUS.

THE GREAT GERMAN REMEDY FOR RHEUMATISM, Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains, Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals St. Jacobs Oil as a safe, sure, simple and cheap External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.

A PIUTE PROCLAMATION.

The Innocent Redmen Circulate an Admonition.

Johnson Sides, the Piute linguist and spokesman, came to the GAZETTE office this morning and ordered that the following be printed:

Norway Jim (Piute), the regular successor of Young Winnemucca (Captain Charley), in control of the Piutes at Pyramid Reservation, says that the Government gave to his people land near Pyramid Lake, with the understanding that his braves would be good and peaceable, and knows that his people are willing to do their part. He further says, to whom it may concern, that one time the Bannocks and Piutes were one people, but that after the Bannock unpleasantness the Piutes dissolved their connection with the Bannocks; but now all is peace and pleasantness, and the goose hangs high. He would like to have the Bannocks and other friendly redskins visit him at his home at Pyramid and have a high old time, and when they do come to bring along plenty of buffalo robes, as they are scarce here. He wants this meeting to take place that they may counsel with each other for their mutual benefit. He wants Shoshone Sam to talk good to all the Shoshones. He wants all the Piute Captains to take good care of their men and to be good Indians, to obey the Government, to visit each other, so that each may know that everything is O. K. Now, brother redskins, from the Rocky Mountains to the Pacific, from British Columbia to Mexico, I want you to visit each other and consult together for our mutual benefit, and, above all things, obey the laws of the United States, and if anybody does wrong give him up to the laws of the country.

Now, my dusky brothers, I am going to have this, my advice to you, printed in the RENO GAZETTE, the best paper in the State, and I want you all to obey my instructions.

NORWAY JIM, Captain Piutes of Pyramid.

P. S.—I want you at all times to know that Johnson Sides (Piute) is our peace-maker and interpreter, and will explain at any time all the information he gets from the whites, and he will take great pleasure in explaining all matters to any who may want information. He is following in his brother's footsteps.

NORWAY JIM.

A Drummer's Outfit.

Dwight B. Nye, a commercial agent whose face is familiar in every town on the coast, displayed his traveling outfit at the Palace this morning. He has been canvassing the Wood River country, where the weather is cold and snow abounds. His pile of plunder consisted of a buffalo robe beaded with oil skin and a four-point blanket; canvas pants with straps at the bottom for holding close around rubber boots when wading in snow; a long overcoat of bear-skin lined with soft fur, to keep him comfortable when he makes up his mind to freeze a man into giving an order for goods; and besides these there were wraps and blankets of all kinds, in which were pockets innumerable for carrying cordials and resuscitators. Mr. Nye says Montana is the coldest country he ever saw, and that roads there, dead level in summer, are frequently warped by frost into steep hills and deep ravines. He left Reno this morning for Bodie, to evangelize that heathen settlement.

Meeting of the Asylum Commissioners.

The Insane Asylum Commissioners met at Carson yesterday. Lieutenant-Governor Adams was absent. Claims to the amount of \$3,548 were allowed. Messrs. Hallock and Deal were opposed to allowing more than \$1,748. The Controller, it is said, will decline to draw a warrant for the first-named sum, and the Supreme Court will have to arbitrate the matter. Dr. Dawson was elected to take charge of the Asylum from May 1st.

JOTTINGS.

Message for W. W. Carter.

Haslund intends starting his water cart Monday.

The farmers have begun their Spring work in earnest.

Longley shipped three car-loads of cattle yesterday.

Several car-loads of agricultural implements went west last night.

Johnson Sides exhibits his tawny mug and blue goggles about town.

The funeral of Lila Young took place this afternoon and was largely attended.

No entertainment will be given by the Reform Club to-morrow evening.

There is, apparently, enough barbed wire at the depot to fence in the whole State.

Fresh candies at Nasby's Bazaar.

Thermometer at 7, 9, 11, 1, and 3—45, 68, 69, 70, 72.

Ten car-loads of cattle left Reno last night for San Francisco, and two for Dutch Flat.

Dead loads of delicacies go to Virginia every morning—they are not poor enough yet to starve.

The regular country mail of the WEEKLY GAZETTE has become so large as to require a job wagon to take it to the postoffice.

We flatter ourselves this is fine weather. There is but a gossamer partition between Reno and heaven now. To-morrow it may howl like the Day of Judgment.

John Hayes is delivering pure Essex ice for one-half a cent per pound. His house is situated one and a half miles from Verdi. Office at W. K. Dickens' store. See ad. in 50c. column.

Several friends of Mr. and Mrs. B. F. Bacon took a moonlight drive to Verdi last evening. Dancing was kept up until 12 or 1 o'clock. The roads are good and the drive was delightful.

The Chinese question is being agitated at the High School. Four of the pupils had a debate this afternoon, and it seems that the force of argument tended toward Chinese immigration.

The ladies of the Women's Temperance Union and Reform Club will celebrate their third anniversary next Tuesday evening at Reform Club Hall. Refreshments will be served and all who go will have a royal good time.

The Indians about here seem to be contemplating an outward-bound movement. The bucks this morning were busily engaged in packing blankets and the squaws strapping up babies.

An Indian can give a conductor several points about jumping a train in motion. An agile Piute boarded the cars last night after the train had attained great speed. Spectators expected to see the venturesome red man killed, but he "made it."

Chinese Stubbornness.

The Chinese don't go much on Yankee mechanical improvements. Any innovation upon their manner of doing things a thousand years ago is scouted as the insane vagary of a barbarian.

There was evidence of their stubbornness in this respect at the depot yesterday, where a rice-mill, labeled for Rye Patch, attracted attention. It consisted of two stones, beaten into circular shape, with a hammer—or club, perhaps. The upper stone had a hole through it, into which the rice is dropped, a gill at a time. The mill-man grasps a wooden peg and does the circular work, as if whirling a horizontal grindstone, while he steadies the lower stone between his feet. A six-bit coffee mill would do ten times more work with less labor.

A Numerous Family.

There arrived on the V. & T. last night a bevy of juveniles that attracted much attention. Bystanders thought the children of the Comstock had come to Reno on a surprise party.

Pete Comstock said some orphan asylum had been emptied into Reno. Conjectures were various, and all wrong. The band of children, in fact, belonged to one family—the progeny of one father and mother, and there was a dozen of them, the largest about nine years old, and tapering off to wee twins, apparently born on the way down from Virginia. Though but atoms of flesh and blood, they had the lungs of a Barmese elephant.

A Lively Corpse.

Times on the Comstock cannot be so fearfully stringent as reported. The Easter offerings contributed by the friends of the Nevada Orphan Asylum are positive evidence that the old town is about as flush as any of its size, the good people having managed to dig up \$598 for charity last week, and the Lord only knows how much they doled out for whisky at the same time.

Verdi Road.

The Verdi people intend to ask the County Commissioners for an appropriation of \$1,000 to build a bridge across the Truckee river at a point five miles this side of Verdi, in order to avoid the "sand grade." The business men of that town will spend \$1,000, and as the work will cost about \$2,000, they think the county ought to assist them in making the much-needed improvement.

PERSONAL.

S. T. Gage went below last night.

Sam Davis will soon return to Carson.

W. R. Chamberlain has gone to the races.

R. E. Doran of Candelaria left on the V. & T. to-day.

Mr. Laughlin, the Carson jeweler, is about to leave for Mexico.

R. L. Duncan of Carson is about to remove to the Wood River country.

H. G. Wilson of the Nevada meat market, was married in San Francisco Wednesday last.

Jake Longabaugh, owner of the Belleville Springs in Esmeralda, went south this morning.

Bob Graves, the stock manipulator, was here this morning, bound for the Comstock and Bodie.

Sheriff Williams is able to sit up, and is on the road to complete recovery from his wounds.

Mike McGowan, the champion masticator, has chawed his way into Storey County Jail for 120 days.

Mrs. A. H. Barnes returned from Sacramento this morning, accompanied by her aged mother, Mrs. Gordon.

W. E. Brown, of the shoe firm of Brown & Tassell of Virginia and Eureka, was at the depot this morning.

Hon. A. J. Lockwood, Carson, continues steadily to decline, and it is thought he has but a few days to live.

Rev. E. A. Hatch of San Francisco is expected in Reno Saturday morning, to take the place of Rev. Dr. Scott.

George H. Morrison, of Gold Hill, was elected permanent Chairman of the Anti-Chinese Convention at San Francisco.

Thomas J. Tennant on Wednesday received the appointment of Statistical Correspondent of the State of Nevada, by President Arthur.

Frank Free and Wm. Donaldson, Washworth, are in town and paid a visit to the Silver Star flouring mills. They report that thrifty little town on an even keel with the rest of the world.

Mrs. R. H. Hickman who has been sojourning for the past eighteen months in Petaluma, and Los Angeles, California, and Tucson, Arizona, leaves the latter place this week for a visit to her relatives in Iowa.

To Find the Comet.

The astronomer of the New York Sun gives the following directions to those who desire to find the comet: Late in the evening, say about 11 o'clock, you will see pretty well up in the northeastern heavens the bright star Vega, in the Harp. It may be certainly recognized by means of two faint stars close by it, with which it makes a beautiful little triangle. The comet is almost on a line drawn from Vega to the Pole star, and you can find its place by noting that it is below and a little to the left of the Head of the Dragon, which is marked by a lozenge shaped figure lying a few degrees northwest of Vega.

"A Year's Suffering."

MICHIGAN CITY, Ind., June 1, 1881. H. H. WARNER & Co.,—Sirs: A year's suffering from kidney disease was completely relieved by your Safe Kidney and Liver Cure.

JOSEPH F. LOTTES.

Church Notice.

Services at the Catholic Church on Sunday next at 10-30 A. M.

There is much speculation as to what St. Jacobs Oil really is; it comes not from the promptings of curiosity alone, but because its virtues are such as to amaze all who use it. Mrs. Hamet, No. 1684 Third avenue, New York, gives her opinion of St. Jacobs Oil substantially as follows: "For a number of years I have been a great sufferer from inflammatory rheumatism. It was chiefly confined to my right shoulder, but would sometimes extend to the extremities. Often the attacks would be so severe and the pain so intense that I became completely prostrated and unable to use my arm, which seemed to be paralyzed. I tried every remedy I could hear of as likely to afford relief, and more than one doctor, but nothing did me any good until some weeks ago, as a last resort—but an almost hopeless one—I was persuaded to use St. Jacobs Oil, and one bottle of it has effected a complete cure."

NOTICE

TO ICE CONSUMERS:

DR. SPINNEY

NO. 11 KEARNEY STREET,
San Francisco, Cal.

Treat all Chronic and Special Diseases

YOUNG MEN

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes particles of albumen will appear, or the color will be of a thick milky hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. DR. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genital-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free.

Thorough examination and advice \$5.

P. S. For private diseases of short stand a full course of medicines sufficient for a cure, with necessary instructions, will be sent to any address on receipt of Ten Dollars.

Call or address **DR. SPINNEY & CO.,**
No. 11 Kearney Street, San Francisco, Jan 2-d&w

THE GREAT ENGLISH REMEDY

Is a never-failing Cure for Nervous Debility, Exhausted Energy, Mental Weakness, Spermatorrhea, Loss of Manhood, Impotency, Paralysis, and all the terrible effects of self-abuse, youthful follies, and excesses in masturbation, nocturnal emissions, aversion to Society, Dimness of Vision, Noises in the Head; the vital fluid passing unabsorbed in the urine, and many other diseases that lead to insanity and death.

DR. MINTIE will agree to forfeit Five Hundred Dollars for a case of this kind the VITAL RESTORATIVE (under his special advice and treatment) will not cure, or for anything impure or injurious found in it. DR. MINTIE treats all Private Diseases successfully without mercury. Consultation Free.

Thorough examination and advice, including analysis of urine, \$5 00. Price of Vital Restorative, \$5 00 a bottle, or four times the quantity, \$10 00; sent to any address upon receipt of price, or C. O. D., secure from observation, and in private name if desired, by **A. E. MINTIE, M. D.**
